We're still looking for people to join the action tonight. Can

you come?

Time: tonight.

Location: my bedroom.

Are you a riot cop? Because you rile me up.

I'm not from the secret services, but I have my eyes set on you.

Will you be the crowbar to my doorpost?

I didn't bring my sleeping bag to the forest occupation, can I crawl into yours?

Will you be the lighter to my pipe bomb? Because you make my heart explode.

Are you the lawyer? I still need to write your number on my arm.

06 - 18374618

Are you an oil company? Because you wreck my world.

Do you feel like giving each other some mutual-aid?

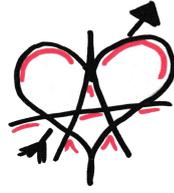

Are you a politician? Because I want to get fucked tonight.

DISCLAIMER

This booklet contains all sorts of one-liners: romantic statements, hot flirts, sexual hints and simply inappropriate jokes, so don't take it too seriously! Not all pick up lines are equally suitable for flirting. Always use your own judgement about what is and isn't appropriate and wanted - and make sure to always use proper consent!

The scrumptious lines in this zine were thought of by many different comrades, meant to make you laugh. Credits can be found in the back.
Happy flirting! ♡♡

I could show you what's under my black-bloc after this protest.

Want me to liberate your working class tonight?

Fascism isn't the only thing that's on the rise...

$$O + A = \textcircled{A}$$

Call us the letter A and a circle, because we belong together.

You're like a revolution, the way I can't get you out of my head.

Are you getting arrested? Because I wanna wrap my arms around your waist.

 I'm not a cop, but I know how to use handcuffs. 

 There's some high-risk positions left for the action in my bedroom tonight, if you're interested.

21

  Are you a lock-on? 'Cause I want to be connected to you for a long time.

 You don't need to steal my heart; it's on donation.

I heard there's an action at the cinema. Do you want to be my buddy?

10

For you I'll make an exception to "no gods, no masters."

 When I think of you, I get riots in my pants.

May I frisk you later?

15

Do you happen to be a riot cop?
Because I wouldn't mind pulling
on that baton.

Is that a... uhm... well, I think I
might have to frisk you.

>:3

Are you a banner? Because I
want to tie you up.

20

I wouldn't mind painting some
more bedsheets with you all
when we're done with these
banners...

Is that a crowbar in your
pants or are you just happy to
see me?

14

Are you a flare? Because you
set my heart on fire.

It feels like we're sharing a
lock-on, because my eyes are
locked-onto you.

Can I have your signal?
Because I'm trying to send you
signals.

5

You have an anonymous
admirer... because my ID is still
at home.

11

Can I climb your barricades tonight?

You make me hotter than a lit Molotov.

I would give you an extra portion at the free kitchen.

Do you want to shower together? I heard there's an A12 blockade happening later.

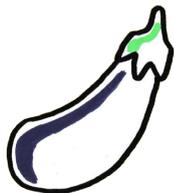

I may not be a cop, but I can still pin you against a wall.

Are you a cylinder lock? Because I want to pull on your core.

DIRTY PICKUP LINES

Fascism isn't the only thing I wanna smash...

Shall we hold a noise protest in my room tonight?

Are you a government building? Because I wanna spray all over you.
