DISCLAIMER

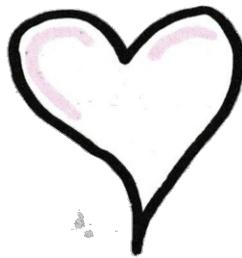

This booklet contains all sorts of one-liners: romantic statements, hot flirts, sexual hints and simply inappropriate jokes, so don't take it too seriously! Not all pick up lines are equally suitable for flirting. Always use your own judgement about what is and isn't appropriate and wanted – and make sure to always use proper consent!

The scrumptious lines in this zine were thought of by many different comrades, meant to make you laugh. Credits can be found in the back.

Happy flirting! ♡♡

Cutesy pickup lines

Are you a flare? Because you
set my heart on fire.

It feels like we're sharing a
lock-on, because my eyes are
locked-onto you.

Can I have your signal?
Because I'm trying to send you
signals.

Can I climb your barricades
tonight?

You make me hotter than a lit
Molotov.

I would give you an extra
portion at the free kitchen.

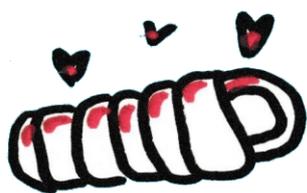

I'm not from the secret services, but I have my eyes set on you.

Will you be the crowbar to my doorpost?

I didn't bring my sleeping bag to the forest occupation, can I crawl into yours?

Will you be the lighter to my
pipe bomb? Because you make
my heart explode.

Are you the lawyer? I still need
to write your number on my
arm.

06 - 18374618

Are you an oil company?
Because you wreck my world.

$$O + A = \textcircled{A}$$

Call us the letter A and a circle,
because we belong together.

You're like a revolution, the
way I can't get you out of my
head.

Are you getting arrested?
Because I wanna wrap my
arms around your waist.

Are you a lock-on? 'Cause I want to be connected to you for a long time.

You don't need to steal my heart; it's on donation.

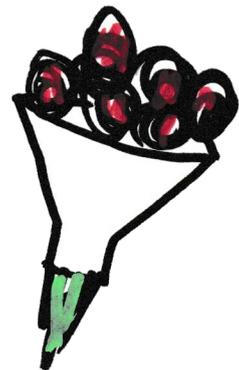

I heard there's an action at the cinema. Do you want to be my buddy?

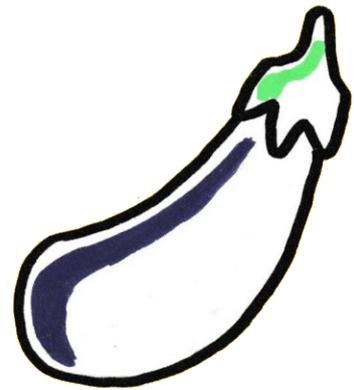

You have an anonymous admirer... because my ID is still at home.

DIRTY PICKUP

LINES

Fascism isn't the only thing I
wanna smash...

Shall we hold a noise protest in
my room tonight?

Are you a government building?
Because I wanna spray all over
you.

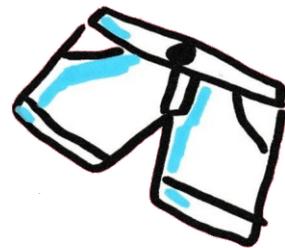

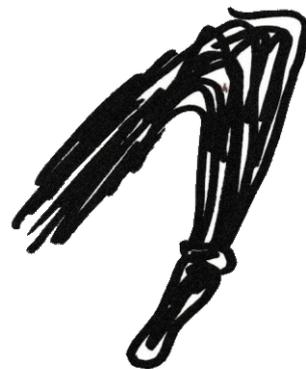

I wouldn't mind painting some more bedsheets with you all when we're done with these banners...

Is that a crowbar in your pants or are you just happy to see me?

For you I'll make an exception
to "no gods, no masters."

When I think of you, I get riots
in my pants.

May I frisk you later?

I could show you what's under
my black-bloc after this
protest.

Want me to liberate your
working class tonight?

Fascism isn't the only thing
that's on the rise...

Do you feel like giving each other some mutual-aid?

Are you a politician? Because I want to get fucked tonight.

We're still looking for people to
join the action tonight. Can
you come?

Time: tonight.

Location: my bedroom.

Are you a riot cop? Because you
rile me up.

Do you want to shower together? I heard there's an A12 blockade happening later.

I may not be a cop, but I can still pin you against a wall.

Are you a cylinder lock?
Because I want to pull on your
core.

Do you happen to be a riot cop?
Because I wouldn't mind pulling
on that baton.

Is that a... uhm... well, I think I
might have to frisk you.

Are you a banner? Because I
want to tie you up.

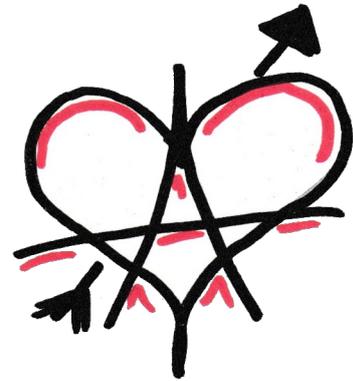

I'm not a cop, but I know how to use handcuffs. 

 There's some high-risk positions left for the action in my bedroom tonight, if you're interested.
